

May Your special blessings be upon the Members of this assembly as results from another primary election reverberate through our political landscape. Give them wisdom and charity, that they might work together, with needed focus, for the common good.

As the candidates now move on to other contests, may all Americans hear the call to responsible citizenship, learning the substance of candidates' positions and plans for the future of our Nation. May we all do our homework so that our experiment in representative democracy might flourish and all would take pride in the government to be constructed from our votes.

May all that is done this day in the people's House be for Your greater honor and glory.

Amen.

ANNOUNCEMENT BY THE SPEAKER

The SPEAKER. The Chair will entertain up to 15 requests for 1-minute speeches on each side of the aisle.

OUR BORDER IS NOT SECURE

(Mr. SAM JOHNSON of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SAM JOHNSON of Texas. Mr. Speaker, new reports from the Department of Homeland Security show a surge in illegal immigration, 30 percent, actually. Last Friday I returned to McAllen, Texas, to tour the Rio Grande River by boat and see our security challenges firsthand, something President Obama has refused to do.

Let me be clear. Our border is not secure. Obama's amnesty is devastating for Texas, particularly its border cities, but the problems far exceed our border. This affects the whole country. It undermines the safety of all Americans and hurts law-abiding taxpayers.

My most sacred duty is to protect our homeland and every citizen in it. I spent 29 years as a fighter pilot and 7 as a POW doing just that. Rest assured, I will continue to fight to keep America safe.

GUN VIOLENCE MYTHS

(Mr. CICILLINE asked and was given permission to address the House for 1 minute.)

Mr. CICILLINE. Mr. Speaker, last Sunday 5 people were killed and 25 injured in four mass shootings in New York, Florida, Illinois, and Mississippi. Yet, Congress has done nothing to reduce gun violence in America.

While this is happening, opponents to commonsense, responsible gun safety legislation are spreading misinformation and sharing myths, myths such as: criminals don't exploit loopholes to buy guns; there is no gun show loophole; the assault weapons ban that was previously in place didn't work; and strong gun laws don't reduce gun crimes.

It is time that we start calling out these myths and correcting the record with the facts. In the coming days, I will be doing just that on my Web site and through social media to help build support for commonsense, responsible gun safety legislation.

After all, Mr. Speaker, facts should guide us in doing our work and doing all that we can to reduce gun violence in America.

HONORING PASTOR MICHAEL MOORE

(Mr. DENHAM asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DENHAM. Mr. Speaker, I rise today to acknowledge and honor Pastor Michael Moore for his many years of service to the Manteca community. After 29 years at Crossroads Grace Community Church, Pastor Mike is retiring from his role as senior leader.

Almost 50 years ago, Pastor Mike married the love of his life, Grace, and together they started a church where everyone could feel welcome.

In 1987, Crossroads Grace Community began with a Bible study group led by Pastor Mike made up of 17 members. The church grew to encompass Pastor Mike's and Grace's vision of a casual atmosphere, practical and relevant teachings, with contemporary worship.

Pastor Mike led the congregation in working with local churches to establish the Hope Family Shelter and provide housing to homeless families. The church also established a mobile medical clinic to provide free medical service for those in need and has sent teams to respond to global disasters such as Hurricane Katrina, the tsunami in Asia, and the Oklahoma tornadoes. The church has also sent missionaries to many corners of the globe.

Mr. Speaker, please join me in recognizing Pastor Michael Moore and his unwavering leadership in our community and many accomplishments around the globe.

BLUE RIBBON STUDY PANEL

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, last week I was grateful to chair the Subcommittee on Emerging Threats and Capabilities hearing to receive outside views on biodefense for the Department of Defense and review the bipartisan report of the Blue Ribbon Study Panel on Biodefense.

Chaired by former Senator Joe Lieberman and former Governor and Secretary of Homeland Security Tom Ridge, the panel evaluated the status of prevention, deterrence, preparedness, detection, response, attribution, recovery, and mitigation of our Nation's biodefense.

The report was clear. Our Nation faces a complex threat from both biological weapons and naturally occurring diseases. For example, the recent response to the Ebola outbreak demonstrates the importance of the Department of Defense's biodefense contributions to broader government and global efforts.

I am grateful that the former Attorney General Ken Wainstein and Dr. Gerald Parker, both members of the panel, were there testifying before the subcommittee. I look forward to working with the Department of Defense to implement the findings and recommendations.

In conclusion, God bless our troops, and may the President, by his actions, never forget September the 11th in the global war on terrorism.
